Alice and Beth,

Attached please find the draft of FFS Chapter 1. The MS Word file contains the text and the pdf file contains the figures and tables.

Please note that this version of Chapter 1 does not include a summary of the CSM. We considered including the CSM summary, but it is not included explicitly in the Suggested FS Report Format contained in the RI/FS Guidance (p. 6-15; Table 6-5). At present, we have simply referred the reader back to the RI for this information. If you prefer, we can insert this section prior to the summary of the baseline risk assessment. Doing so would add about 4 pages to the length of the chapter.

Please let me know if you have any questions.

Thanks,

Thalia
